(Played on guitar Capo 10th fret key of Bb)

[VERSE 1]

C

Feels like I'm walking a world that's shifting like sand

Looking for a solid stone where I can stand

Am

Feels like a fog, where so many believe

F

Nothing is certain, but uncertainty

Am

But Jesus my eyes are on you

It's clear to me

[CHORUS]

You are the constant and you won't change

The one sure thing, the one sure thing

Am

You are the promise that never will break

C

The one sure thing, the one sure thing

Am

The fear that has held me is starting to fade

F

You are my strength, I can take on these days

Am

In a world that's unraveling

C

Am

You're the one sure thing
